FORTY MILLION DOLLARS

The Estimated Value of Kentucky's
1909 Tobacco Crop of 400,-
000,000 Pounds

Kentucky's 1909 tobacco crop will be the largest ever known, nearly 400,000,000 pounds. This is composed of Burley and other grades.

The figures were given out in Louisville recently by those Banks which have been securing the number of pounds grown by counties from their various correspondents in the State.

The Burley crop, they announced, amounts alone to 200,000,000 pounds. Of this, between 55 and 60% has been pooled with the Burley Tobacco and Insurance Company. Prices per pound this year average from 12 to 14 cents, with 10 cents and 20 cents as minimum and maximum, respectively.

Loose leaf sales have come into popularity again, and warehouses of this type are being established in the various counties. The dark tobacco growers, however, are not favoring pools and are selling individually.

Bank officials say that the State money market, which has tightened owing to the pools, will relax on early movement of the crop and that early selling is indicated by both the pool managers and by the independents.

It is estimated that the 1909 tobacco crop will bring into the State over \$40,000,000.

Mrs. Elizabeth Wall, whose serious illness was noted yesterday, continues very low, and her condition this morning is extremely critical.

The Ladies of Bethany Christian Church will give a bazaar and serve lunch at the Church on Wednesday evening, December 22d. The public is cordially invited.

Secretary of Agriculture Wilson says that the Government is now spending \$18,000,000 annually for experimental work in increasing the yields and efficiency of farms.

Miss Nancy Weaver of West Third street has accepted a position as stenographer in the office of Thomas Cummins, County Clerk-elect of Bracken county. Miss Weaver is proficient and an adept in her calling.

FRANKFORT, KY., December 14th.—The whole Bench of the Court of Appeals sat today to hear arguments in the appeal from the judgment of the Clark Circuit Court, where Judge Benton appointed Receivers for the Burley Tobacco Society. President LeBus, Miss Alice Lloyd and other leaders of pooling movement were in attendance.

Cause for Alarm

Loss of Appetite or Distress
After Eating Symptoms
That Should Not be
Disregarded

Appetite is just a natural desire of the system for food necessary to replace natural body waste. Loss of appetite or stomach distress after eating indicates indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health, and insatiable appetite is a common symptom of diabetes.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

I urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that I will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. I recommend them to my customers every day, and have yet to hear of any one who has not been benefited by them.

I honestly believe Rexall Dyspepsia Tablets to be without equal. They are made from the prescription of a physician who devoted his time to the study and treatment of stomach troubles. They give very prompt relief, stimulating the secretion of gastric juices, strengthening the digestive organs, aid to good digestion and assimilation, regulate the bowels, and promote nutrition.

I urge you to try a 25-cent box of Rexall Dyspepsia Tablets, which give 15 days' treatment. At the end of that time your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases I have two larger sizes, which sell for 50 cents and \$1. Remember you can obtain Rexall Remedies in Maysville only at my store—The Rexall Store. Thos. J. Chenoweth.

Tobacco Growers, Attention!

Although the recent cold snap curtailed the receipts somewhat, yet the Farmers' House disposes of almost 800,000 pounds leaf tobacco for week ending December 11th, 1909. The market showed marked strength, especially on the low grades. The better ones also made improvement. The average for the week shows 1c per pound better than last. The desire on the part of the buyers for tobacco made the sales very active and the bidding spirited. Some prices obtained for the week:

R. T. Hord—9c, 14c, 15c, 16c.
A. S. Baxter—10c, 12c, 15c, 16c.
M. S. Higg—10c, 12c, 14c, 16c.
George Garrett—13c, 14c, 16c, 18c.
W. M. Sammons—13c, 14c, 16c, 18c, 20c.
James Hensley—12c, 14c, 15c, 16c, 17c.
Owens & Waggel—11c, 13c, 14c, 15c, 17c.
Sherman Himes—10c, 12c, 14c, 15c, 16c.

Weather permitting, we expect heavy sales the coming week, with active market and prevailing prices of last. Get your tobacco ready and let us get the high prices for you. Yours,

Maysville Loose Leaf Tobacco Warehouse Co.
